

Phone Screen & Submit Candidates 90% Faster

Honeit is the all-in-one scheduling, screening and submission stack (phone, video, sms, voip) purpose-built for recruiters and talent partners.

Honeit automatically **schedules, records, transcribes, parses** and **indexes** questions and answers from live calls and video conversations.

Honeit creates a new layer of interview intelligence to search, analyze and share for instant collaboration and higher quality hiring.

Executive Recruiters and Talent Partners agree that **Honeit is a game-changer.**

[\[Customer Testimonials\]](#)

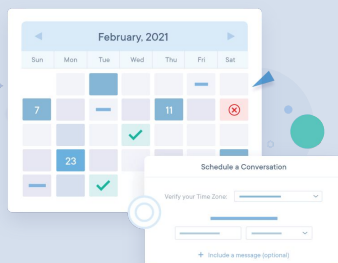

A large insurance customer saved **\$300,000 in 6 weeks** using Honeit.

[\[Case Study\]](#)

Honeit helps recruiting firms train revenue-generating recruiters in **half the time.**

Scheduling Automation

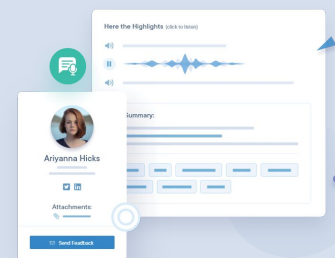

Schedule calls or call-out through Honeit. Send calendar invites, email and SMS text reminders.

Conversation Intelligence

Focus on listening, not typing notes. Automatically record, transcribe, parse and search your calls.

Interview Collaboration

Instead of scribbled notes or 30-minute write-ups, share interview insights for instant collaboration.

HONEIT FEATURES

The modern communication stack for Recruiters and Talent Partners.

Call Scheduling

Sync your calendar, set your availability and share your link.

Call Recording

Never forget a conversation or key interview moments.

Call Transcription

Transcribe the entire interview, questions and answers.
